October 2018

Dear Parents and Carers,

## Morrisby Online Psychometric Assessments

During the coming months your daughter has to make some very important choices on her future. One of the toughest challenges she will face is to know what careers and courses she would find fulfilling and what potential she has. This is where psychometric tests are very useful as they provide objective information about a person that is difficult to obtain any other way.

The Morrisby Organisation is recognized as the UK's leading vocational psychometric test publisher. To help your daughter make these choices, we are running the Morrisby online psychometric assessments on Wednesday 28th November 2018 during periods 5 and 6.

These assessments are not like an exam in that there is no pass or fail; they are specifically designed to identify the direction of a person's aptitudes and highlight an individual's strengths and underlying abilities. The results also provide genuine insights into potential future work performance. After the assessments, candidates are able to step back and take an analytical look at their make-up before making any far reaching decisions on their future.

Pupils who take the online Morrisby profiling will be able to see their assessment results and suggestions on suitable careers, subjects and degree courses on the Morrisby site. As the system maps the careers suggested with the most appropriate A Levels and college courses, it helps students to consider careers where they are likely to meet with the most success. The process also facilitates integrated decision making in the short term (Post 16 Courses), medium term (HE and FE Courses) and longer term (Careers). A PDF report explaining your daughter's test results will be available to download from the site after the session.

An integral part of the Morrisby scheme is an online support site. Your daughter will be given a life-time login to the Morrisby site which will allow her to access the Morrisby careers advisers, a range of very helpful resources and to personalise her results according to her preferences and motivations by using Morrisby's innovative "Career Mixer". Additionally, there is a very useful section on the site to assist her find suitable HE and FE courses.

The cost of the assessment is £25. If you wish your daughter to take the assessment, please pay by WisePay before Wednesday 14th November.

The cost will automatically be met for pupils in receipt of Free School Meals; please use the WisePay permission function to notify us that they wish participate in the assessment.

Yours sincerely

Mrs Langston

Coordinator of Work Related learning
