Dear Parent/Carer,

We are writing to remind you of the continued importance of checking your daughter's Go 4 Schools account so that you can be kept up-to-date with how well she is completing work during the school closure period. We do appreciate how hard it can be to maintain motivation after such a long period of remote learning and our staff are closely monitoring pupils' engagement with the lessons they are setting. It is important that pupils try to maintain a good routine of working at home for the remainder of the term.

There are two ways you will be notified if a teacher feels that there has not been sufficient engagement. The first entry you may see is a line 'Has not accessed Google Classroom to complete online work'. This means that the teacher does not think the pupil has attempted any of the online work for their subject for a lesson or lessons in a week. Secondly, if a pupil has missed handing in a piece of work, an entry will appear as 'Not completed home learning work'.

The table below demonstrates how this looks:

Most recent events

All events in 2020, Sep 2019, Oct 2019, Nov 2019, Dec 2019, Jan 2020, Feb 2020, Mar 2020, Apr 2020, May 2020, Jun 2020

When event occurred	Event
Mon, 15 Jun J.Higgins	Not completed home learning work Year 9, R.E., 9S/Ra, Room: 026
Mon, 15 Jun J.Higgins	Has not accessed Google Classroom to complete online work Year 9, R.E., 9S/Ra, Room: 026
Fri, 12 Jun J.Higgins	Not completed home learning work Year 9, History, 9L/H6, Room: 028
Fri, 12 Jun J.Higgins	Has not accessed Google Classroom to complete online work Year 9, History, 9L/H6, Room: 028
Fri, 12 Jun S.Venz	Has not accessed Google Classroom to complete online work Year 9, German, 9UUA/Gm, Room: 114

The entries shown above carry 'zero points', so they are not negatively weighted against any House Point totals. Their purpose is to create an automatic alert for you at the end of the working day so that you are aware of the non-engagement, and for teachers to track internally where work has been missed. This alert will be sent to your email address and can sometimes end up in the Junk folder, so please check this if you are not receiving alerts. It is also important to note here that the 'Has not

"This is an OUTSTANDING school" - Ofsted 2016

accessed Google classroom' line will most often have been entered after more than one lesson has been missed, perhaps after 2 or 3 lessons. So, it can suggest a greater cause for concern than an individual missing one lesson. Indeed, if multiple entries on GO can be seen from different members of staff, as shown in the table above, it suggests that there has been non-engagement across a few areas over several days.

Teaching staff are still very much awarding **positive** points for the standard of the classwork being completed at home, and these are demonstrated below:

GO 4 Schools Parent App

If your child's school uses GO 4 Schools, they can add the GO 4 Schools mobile app to make it even easier for you to see your child's timetable, homework, behaviour records, attendance, etc. What you will see depends on which GO 4 Schools modules your child's school has subscribed to. View the [Mobile App - Quick Start Guide](#) for further details.

The GO 4 Schools Parent App is free for parents to download from the Apple and Android App stores, but you will not be able to log in unless your child's school has a current GO 4 Schools subscription that includes the App, and they have granted you access. **Your child's school will let you know if and when they have added the App to the school's subscription.**

The App uses the same login details (email address and password) as this web site.

If you can't log in to this site, you will not be able to log in to the App. If you think you should be able to log in to this website but can't, please contact your child's school.

Upon receipt of the password, enter your email and new password into the top two boxes of the login page to gain access to the system. You will then be able to log into the site and view your daughter's page.
