3rd December 2020

Dear Parents/Carers,

Due to the Covid lockdown in the summer term, we were unable to report on the level of progress pupils had made as we would usually at that point in the academic year. Our priority this term has been to support pupils to get back into the routine of school life and also to re-establish learning habits that help them meet the demands of education. We are incredibly proud of how well pupils have coped and excelled this term, and it is clear that they are benefiting from being back at school.

This term it was felt that we needed to collect information on how well pupils had transitioned back to life at school after such a long period of home learning, we therefore collected effort grades from teachers to measure behaviour for learning, homework and organisation. This report is now published and can be viewed via www.go4schools.com

I hope you find this information useful. Reports including an overview of academic progression will be published later in the academic year.

Yours sincerely,

Mr H Pandya

Assistant Headteacher

"This is an OUTSTANDING school" - Ofsted 2016
