14th January 2022

Dear Parents/Carers,

As I said in my letter at the start of term, guidance regarding Coronavirus can change quickly. Below is the latest guidance regarding self-isolation. The key point to note is that any pupil who tests negative on days 5 and 6 of their isolation period can return to school on day 6 after their second negative test.

From Monday 17 January, people who are self-isolating with COVID-19 will have the option to reduce their isolation period after 5 full days if they test negative with a lateral flow device (LFD) test on both day 5 and day 6 and they do not have a temperature. For example, if they test negative on the morning of day 5 and the morning of day 6, they can return to their education or childcare setting immediately on day 6.

The first test must be taken no earlier than day 5 of the self-isolation period, and the second must be taken the following day. All test results should be [reported to NHS Test and Trace](#).

If the result of either of their tests is positive, they should continue to self-isolate until they get negative results from two LFD tests on consecutive days or until they have completed 10 full days of self-isolation, whichever is earliest.

Anyone who is unable to take LFD tests or anyone who continues to have a temperature will need to complete the full 10 day period of self-isolation.

Further [information on self-isolation for those with COVID-19](#) is available.

I will of course update you of any further changes.

Yours sincerely,

Mr A Wood
Headteacher
