Dear Parents/Carers,

12 February 2024

To help support our students in carefully considering the options open to them after Sixth Form, whether that be Further Education, Apprenticeships, the world of work or Higher Education, we have organised a post 18 online event for our year 12 parents and carers. We hope this will be useful for you as it will summarise many of the key messages we have delivered to our year 12s this year!

For all students, there is a comprehensive programme of guidance available through Life-Skills programmes, visits to universities, conventions, talks, workshops and discussions with Heads of Sixth Form. It is essential that we prepare students thoroughly so that they can make informed choices about their future and we hope this event will support you in your discussions with them.

Students are welcome to attend, but it is unlikely they will receive any new information that has not already been delivered through their home-site careers advice and guidance programme.

The event will take place virtually on **Tuesday 27<sup>th</sup> February**, starting at **6.00pm** and will last for approximately one hour. The evening will provide an opportunity to watch presentations on Higher Education, Student Finance and Apprenticeships and to put questions to the presenters.

We will be using Microsoft Teams for the event and the link is shown below:

**Join on your computer, mobile app or device (website or app versions should both work)**
