

## Recommended School Calculator

### Casio FX-83GT CW

It is recommended for use in GCSEs so buying it in Year 7 means your child can learn about the functions and be familiar with it before their GCSEs.

**FX-83GT CW calculators cost £9.50** with the option of having a pupil's name engraved on the back for an **additional £1** (maximum 24 characters).

It is strongly suggested that you engrave their first and last name on the calculator so that it can be easily returned to the pupil, if misplaced.

Example of engraving

The calculator is available to order from the school. If you wish to purchase a calculator for your child, **please order via WisePay by 1st August.**

All orders will be issued to the pupils in September.
